YOUR GUIDE

Set the scene

Transform your space with soft pastels, florals and soft lighting. Think drawing room elegance: lace tablecloths, delicate linens and antique-style décor create an instant vintage mood.

Dress the table first

A Bridgerton party begins with the table. Vintage teacups, tea pots and tiered cake stands instantly elevate your setting and act as décor in their own right

Encourage an elegant wardrobe

It doesn't have to be all corsets and ballgowns (it certainly can be though!) Even a subtle nod to the elegance of the era, such as pearls and formal wear adds to the fun and makes photos extra special.

Plan a refined afternoon tea menu

Serve finger sandwiches, scones with jam and cream and a selection of pretty individual desserts. Keep portions elegant and easy to enjoy while socializing and watching the latest episode!

YOUR GUIDE

Serve Tea (with options!)

Offer a choice of traditional and herbal teas poured from vintage teapots. For an extra sparkling twist add a prosecco or champagne option – these also taste wonderful out of fine bone china.

Create a signature moment

As a nod to the dramatic reading of the society paper, why not create your own announcement? The unveiling of the cake, a champagne toast or other fun games or announcement will make sure yours is not just another vintage party.

Add thoughtful party favours

Send your guests home with a small token of your gratitude, a handmade place setting for them to treasure long after your event.

Above all...

Remember that the magic lies in the details. Thoughtfully styled, beautiful tableware and a touch of romance will ensure that your Bridgerton party will be the talk of the ton
